

Big6 Research Process

Step 1: Task Definition

- What is the task?
- What information do I need?

Step 2: Information Seeking Strategies

- What are the possible sources?
- Which are the best?

Step 3: Location and Access

- Where is each source?
- Where is the information in each source?

Step 4: Use of Information

- How can I best use each source?
- What information in each source is useful?

Step 5: Synthesis

- How can I organize all the information?
- How should I present my information?

Step 6: Evaluation

- Is the task completed?
- How can I do things better?
